

Site Management Safety Training Scheme (SMSTS)

CITB is the Sector Skills Council and Industry Training Board for the construction industry.

Aims

This 5 day course aims to help site managers, agents and supervisors to:

- Manage health and safety on site in accordance with current legal provisions, and within the context of their management or supervisory role
- Develop an understanding of responsibilities and accountability for site health, safety and welfare
- Recognise a safe site is efficient, economical and productive.

Objectives

At the end of the period of training, delegates will be aware of, and able to:

- Implement all health, safety, welfare and environmental legislation which affects them during their daily work
- Implement new guidance and industry best practice
- State their duties and responsibilities with regards to health, safety, welfare and the environment.
