

Fire Wardens / Marshals Awareness

Aims

This half day course aims to either refresh the knowledge and skills of those responsible for assisting in an emergency situation or to help with fire risk assessments, or as an awareness session without the need to practice extinguishing fires.

Objectives

At the end of the programme delegates will be able to:

- Describe the legal requirements for risk assessment
- Outline the main requirements of the Regulatory Reform (Fire Safety) Order
- Describe the risk factors associated with fire
- Identify factors involved in fire assessments
- Understand the principals of fire, fire prevention, and basic principles of fire fighting techniques

Programme summary

Legal Review

- Legislation overview
- Management of health and safety
- Basics of risk assessments
- Regulatory Reform Order

Fire

- Chemistry and principals of fire
- Methods of spread
- Basic precautions
- Classes of fire
- Extinguisher types and uses
