

Permit to Work

Aims

The aim of this course is to develop competence in the generation and management of a Permit to Work procedure for those personnel identified as duty holders (issuers or acceptors)

Objectives

At the end of the course each delegate should be able to:

- Identify circumstances requiring a Permit to Work within their company
- Explain the role of risk assessment and method statements in the preparation of Permit to Work operations
- Identify actions and conditions which may lead to Permit to Work failure
- Critically appraise company permit documentation with reference to current HSE guidance
