

CITB is the Sector Skills Council and Industry Training Board for the construction industry.

Course Aims

This 5 day course aims to help site managers, agents and supervisors to:

Manage health and safety on site in accordance with current legal provisions, and within the context of their management or supervisory role

Develop an understanding of responsibilities and accountability for site health, safety and welfare

Recognise a safe site is efficient, economical and productive.

Objectives

At the end of the period of training, delegates will be aware of, and able to:

Implement all health, safety, welfare and environmental legislation which affects them during their daily work

Implement new guidance and industry best practice

State their duties and responsibilities with regards to health, safety, welfare and the environment.
