

**CITB is the Sector Skills Council and Industry Training Board for the construction industry.**

## Course

This two day course aims to ensure that all those given supervisory responsibilities understand:

Why they are carrying out their identified duties  
What is expected of them:  
To ensure that they contribute to the safety of the workplace.

## Objectives

At the end of the period of training, delegates will be aware of, and able to:

- Understand the problems of the industry
- Have an understanding of how health and safety law is structured and how it applies to supervisors
- Identify how their supervisory role fits in with the management structure in controlling the site safely
- Carry out risk assessments and understand the need for method statements
- Carry out effective site inductions, toolbox talks and method statement briefings
- Be able to monitor site activities effectively
- Understand the importance of timely intervention when bad practice is identified.
